

May 24 and 25

MAY 24 - HALL 1

SUSTAINABILITY

10:00 - 10:45 h

**The role of the construction industry in the impact of sustainability**

Host: Rafael Capdevila, Cateb  
Prof. Thomas Winterstetter, Werner Sobek AG

10:45 - 11:15 h **Coffee-Networking**

11:15 - 12:00 h

**Applied practices**

EOS ENERGY  
BANC SABADELL

12:00 - 12:45 h

**Level(s) or how Europe measures CO2**  
**Roadmaps for the decarbonisation of buildings- Building an Eco-quartier in Paris, France**

Host: Ignasi Pérez Arnal, WITS Institute  
Dolores Huerta, Green Building Council España  
Carmen Santana, ArchiKubik

12:45- 13:05 h

**Applied practices**

Proyecto BOSCH I PASCUAL

13:05-13:50 h

**The prescription (circular) of sistemas constructius**  
**Circular selection criteria between the MMC-Modern Construction Methods**  
**An other way of building, an other way of relating**

Host: Franco Vietti, MBI Modular Building Institute  
Luis Fernández, OCH-Offsite Construction Hub Spain  
Ignasi Cubiñà, Construcía

13:50 - 15:00 h **Break**

**CIRCULARITY**

15:00 - 15:30 h

**Building digital platforms in construction 4.0**

Host: Olivier Lepinoy, Autodesk  
Ferrovial, Holcim (ORIS), Arcadis (Arcadis Gen)

15:30 - 16:00 h

**Industrialize or die**

Host: Juan Carlos Cabrero, director Curso especialización Construcción Industrializada CATAM  
Mark Farmer, CAST

16:00- 16:45 h

**Applied practices**

CONSTRUCTORA DEL CARDONER

16:45 - 17:15 h

**A toolbox to make Circular Building**

Host: Josep Lluís Blázquez, Perspectiva  
Belen Palao

17:15 - 17:45 h

**Refficient rehabilitation thanks to digitization  
Rehabilitating Lisbon using BIM  
Digitally measuring the impact of systems in a rehabilitation**

Host: Norena Martin, Universidad La Laguna  
Antonio Meireles, ndBIM  
Licinio Alfaro, ITeC

17:45-18:25h

**Applied practices**

ELECNOR  
EAGLE WATERPROFING

18:25 - 18:35h **Conclusions**

18:35 - 19:15h **EBS- BEER NETWORKING**

May 24 and 25

MAY 25 - HALL 1

INDUSTRIALIZATION

10:00 - 10:45 h

The prescription (circular) of constructive systems A platform for mass customization.  
When a house sells to the whole world market  
Advantages of platforms in modular construction

Host: Ma Begoña López, Componentes y Unidades  
Guillermo Grillo  
Sergio Baragaño, Room 2030

10:45 - 11:15 h **Coffee-Networking**

11:15 - 11:45 h

**Applied practices**

EOS ENERGY

11:45-12:00h

Processes 4.0 at work  
Process simulation and automation  
Towards the (full) digital transition of construction

Host: Sergio Muñoz, buildingSMART Spain  
Dr. Javier Mora, CIMNE  
Jesús Ángel García, PTEC

12:00 - 13:40h

**Applied practices**

MUSAAT  
CONSTRUCTORA DEL CARDONER  
BIMCollab  
THERMOCHIP

13:40- 13:50h **Conclusions**

13:50- 14:20h **Vermouth Networking EBS**
